## Show Your House A Little Love This February

While you're buying chocolates and cards for your loved ones, don't forget to show some love to the one thing in your life that cares for you and your family 24/7/365...your house!

The roof over your head protects you from constant exposure to the elements, your HVAC system keeps you comfy on the hottest days and the coldest nights, and your home's paint and finishing makes your house feel more like home.

So when you're picking up those flowers for those special people in your life, remember to show your house a little love, too!

## Show Your Home Some Love With A Little TLC

While you can't go out and buy a bottle of bubbly or a box of chocolates to share with your house, you can show your love in other ways. A little upkeep for your home's roof can help to care for your property and ensure it will look great for years to come.

- **Gutter Repairs** - Your gutters take care of much more work than they are given credit for. Without your gutters, you would risk extensive foundation damage. Repairing small gutter problems now can help you to avoid ice damage or water-related damage in the future.
- **Roof Replacement, Only When You Really Need It** - Don't think of it like a break-up. Think of it more like a new beginning with a new roof that will love and protect your family for decades to come! When it finally is time to call it quits with your old roof, our pros can help to recommend the right materials to best serve you and your property's unique needs.

needs. Contact us [online](#) or call us at (713) 799-8555.
